

DeltaZorb

Exclusive Absorption Technology

More Nutrition.

Millions of people around the world take nutritional supplements regularly to enhance their health. But for years, some scientists have said that many people don't really get much benefit from these supplements. Not because the supplements have no value, but because, for a variety of reasons – old age, illness, poor digestion, stress, diet – the body simply isn't absorbing all of the nutrients the supplements provide (sometimes as little as 20%), and in some cases, the nutrients simply pass right through without providing any benefit!

Symmetry has always made every effort to ensure that our entire line of nutritional and botanical supplements provides you with the most effective nutrition for maximum health benefits, and we test our products continually to ensure effectiveness. Our system ensures that nutrients are released at the right time for maximum benefit, and we include ingredients in our formulas that work synergistically to enhance effectiveness.

But for years we have been working on a way to improve this effectiveness even more, to provide even more nutritional benefits from our products. Our TRAC team has finally created the answer...DeltaZorb.

DeltaZorb is exclusive to Symmetry and is based on an exclusive use patent. DeltaZorb significantly increases the body's ability to absorb nutrients during digestion. Now you will get even more benefits from our already amazing supplements – DeltaZorb boosts nutrient absorption to as much as 160% compared with what you received previously from these great products!

When someone asks you "Why should I take your supplements?" you can say, "Because only Symmetry has DeltaZorb!"

More Benefits.

Symmetry's DeltaZorb has been clinically proven to increase the amount of nutrition you get to up to 160% of what was delivered without DeltaZorb, so you'll get more of the vitamins, minerals and other nutrients your body needs to protect against disease and enjoy optimum health and vitality.

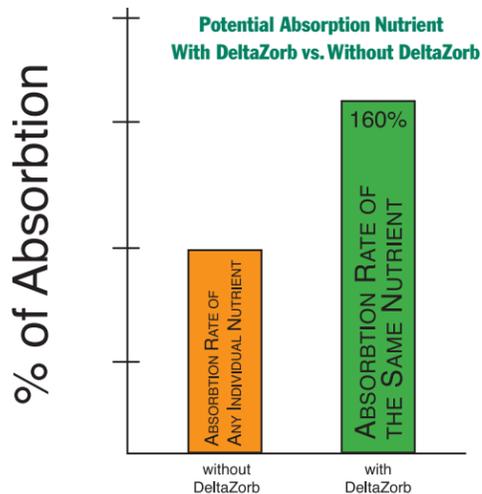

More Value.

By giving you more nutrition in every product, Symmetry supplements are a better value than other supplements. Without paying more, you'll simply get more. And it's guaranteed...if you aren't satisfied with our products, we'll give you your money back!

Why DeltaZorb?

By adding DeltaZorb to our products, we are delivering the most powerful absorption system available in any supplement. If you or your customers are taking any other supplements, you are not getting DeltaZorb, and therefore not getting the most out of your supplement. Why waste your money on products that don't deliver the best nutrition?

Item#1.336 \$3.50/each

* Each person absorbs nutrient at a different rate. Studies prove DeltaZorb™ increases the rate of absorption of any particular nutrients of average of 160%.

* Symmetry Corporation makes no claims for its nutritional products other than their excellent quality and purity. The statements made herein have not been evaluated by the Food and Drug Administration. Symmetry's products are not intended to diagnose, treat, cure or prevent any disease. They are good food and intended to supplement your diet.

More!

Answer The Skeptics:

What is DeltaZorb?

DeltaZorb is a proprietary, and completely natural formula found only in selected Symmetry products.* It is a blend of highly-concentrated, carefully-balanced standardized herbal extracts using a patented process to increase absorption!

How does it work?

DeltaZorb naturally increases the permeability of the walls of the intestinal tract, allowing more nutrients to pass into your bloodstream, significantly increasing the amount of nutritional value delivered to your body during digestion. At the same time, the herbal ingredients in DeltaZorb produce a thermogenic "warming" effect in the digestive tract, which increase your body's metabolic rate, which in turn further increases nutrient absorption from both your diet and any supplements you may be taking.

The DeltaZorb Nutritional Combo:

- 1. Effective** – DeltaZorb's active ingredients act as nutrient bioenhancers, allowing the digestive system to absorb nutrients from both food and nutritional supplements more effectively and completely.
- 2. Proven** – Clinical studies prove that DeltaZorb actually increases the amount of nutrition you receive by up to 160% versus what was delivered prior to DeltaZorb. This means you'll get even more nutrition from Symmetry's powerful supplements!
- 3. Patented** – Only Symmetry has DeltaZorb, and DeltaZorb increases the absorption rate up to 160%! Because most of Symmetry's supplements include DeltaZorb, every time you take a Symmetry supplement, you know that you are receiving the best nutrition available anywhere.

*DeltaZorb is registered trademark of Symmetry

Treatment	Baseline	Day 14	Change	AUC
	Beta-carotene	Beta-carotene	Beta-carotene	(µg/dL)
	µg/dL	µg/dL	µg/dL	x
				(time in days)
β-carotene + placebo	16.3 ± 2.6	47.2 ± 6.4	30.09 ± 5.4	272 ± 47.6
β-carotene + DeltaZorb™	16.0 ± 3.1	65.8 ± 9.7	49.8 ± 9.6	435 ± 74.2

*Comparisons (baseline vs. day 14; placebo vs. DeltaZorb™ Active Ingredients at day 14) indicated statistically significant differences at p<0.0001.

As a member of Symmetry's Technical Research and Advisory Council (TRAC), Dr. Frederic Vagnini collaborated with our product development team. Dr. Vagnini has spent 30 years caring for patients with cardiovascular diseases. His surgical experience and continuing research reveals that most degenerative diseases start at an early age. However, with early detection, education, and simple lifestyle and diet changes, many of these diseases can essentially be prevented.

Founder of the Cardiovascular Wellness Center

"Ever get asked 'Why Symmetry?' My answer now is, in a word, "DeltaZorb". If you don't have DeltaZorb you aren't getting everything you could from your supplements - and only Symmetry has it. This proprietary and trademarked herbal extract increases the bio-availability of any nutrients it is combined with, giving you more value from whatever you are taking or eating. It's like getting 40%, 50% or even 60% more from your supplements without having to swallow bigger pills!"

Dr. Mark Crăpō

Typical Clinical Study* Proves DeltaZorb Delivers More Nutritional Value!

Bioavailability of Beta-carotene combined with DeltaZorb™ Active Ingredients*

This crossover study evaluated the potential of DeltaZorb™ active ingredients to increase the absorption of a nutrient, namely Beta-carotene. Twelve adult male volunteers age 22-43 years, who were in good health, nonsmokers, who did not consume alcohol were randomly assigned into two groups of six subjects each. All subjects stayed on their self-selected diets. Each day of the study, half the volunteers received a soft-gel capsule containing 15-mg beta-carotene per capsule along with a two piece, hard-shell capsule containing the DeltaZorb™ active ingredients. The other half received the same beta-carotene soft-gel capsule daily plus a two piece, hard-shell placebo capsule. Blood samples were taken at regular intervals to evaluate the levels of beta-carotene in the body. At the completion of the study, researchers discovered that the absorption level rose dramatically in the subjects taking DeltaZorb, and did not change for those taking the placebo!

Table 2. Serum beta-carotene levels before and after 14-day supplementation*
